Special Instructions:	Preparing Samples (Tissue)
	FFPE tissue blocks are preferred. Blanks at 4 µm for 10 slides or at 8 µm for 5 slides are acceptable when blocks cannot be provided. Specimen types include: endoscopic biopsies, excisional biopsies, core needle biopsies, surgical resections and cell blocks (pleural effusions, ascites). Use GoPath Labs kit for transport. Ship at room temperature. Include copy of this requisition.

A signature certifies that he/she is licensed to order the test(s) listed above and that tests ordered are necessary for the treatment of the above patient.
